

GDP Conference Laupheim- 28. - 30. April 2018

## Information for Exhibitors

The German-language planetariums will be holding their annual conference in 2018 from April 28<sup>th</sup> until April 30<sup>th</sup>, in the city of Laupheim in the German state of Baden-Württemberg (<http://www.laupheim.de>).

The conference sites are the "Laupheim Planetarium" (<http://www.planetarium-laupheim.de>), the nearby "Kilian-von-Steiner School" as well as the Carl-Laemmle-Gymnasium's auditorium "Aula". Exhibitors will have the opportunity to present their products in the foyer of the "Kilian-von-Steiner School" and as well as in the planetarium's foyer. Depending on the requirements and demand, we reserve the right to also offer exhibition space at the Carl-Laemmle-Gymnasium.

Location #1

### "Kilian-von-Steiner-Schule"

In the school's foyer exhibitors will have the opportunity to present on tables, but also to present larger installations, e.g. booths or even small inflatable domes. In between conference sessions, participants will gather in the foyer and have their coffee breaks and lunches. Tables and conference booths can be built up on Saturday morning (28. April) and will have to be torn down by Tuesday morning (1. May) at latest.

For your workshops and presentations during the breakout sessions in the afternoon we can offer several rooms according to your needs. Please keep in mind that groups will be split during breakout session, so the schedule will foresee two instances of your presentation or workshop in order to allow for everyone to be able to participate.

#### **Vorstand**

Rolf Stöckler (Volksbildung)  
Nikolai Prill (Verwaltung)  
Andreas Payer (Finanzen)

#### **Bankverbindung**

Kreissparkasse Biberach  
Bankleitzahl 654 500 70  
Konto-Nr. 533 917

Steuer-Nr.: 54002/12658

**Ihr Weg zu den Sternen**

Location #2

### **Planetarium Laupheim – for your dome presentations**

Our Zeiss Velvet Duo projection system will bring your fulldome content to the planetarium's 10m dome. A ZKP 4 star projector can be employed as well, if desired. A standalone video projector is offered for non-fulldome presentations (e.g., Powerpoint ). The Planetarium seats up to 62 persons with unidirectional seating. In order to reach all conference participants, the schedule will foresee two instances of your presentation.

All our equipment can be employed for your presentations; please contact us to discuss the possibilities and your requirements!

The foyer of the Planetarium will be available as small exhibition space for tables and banners during the afternoon sessions.

Location #3

### **Aula auditorium of the Carl-Laemmle-Gymnasium for full panel presentations**

The Carl-Laemmle-Gymnasium's auditorium "Aula" provides seating for all conference participants and will be available for a limited amount of presentations.

While we understand that holding a presentation once in front of all participants sounds quite intriguing, please also consider that there's more room for interaction in smaller groups in the breakout sessions.

The Aula features a projector for your presentations; please address us to discuss the possibilities and your requirements!

There's no exhibition space at the "Aula"

## Register & Get in touch.

Table and booth space as well as presentation slots will be allocated on a first-come, first-served basis.

The addresses of the conference locations are available on <https://gdp2018.planetarium-laupheim.de/index.php#location>

The sites will be open for installations and preparations resp. tear down from 7:00 am on 28<sup>th</sup> and 1<sup>st</sup>.

### **Registration**

Please make sure to register as soon as possible as a company/exhibitor with your contact details on the conference website.

<https://gdp2018.planetarium-laupheim.de/index.php#register>

After registration you can provide details about your presentation, workshop or fulldome content on the website. We will then get in contact with you to discuss all further requirements in detail.

### **Fulldome Content**

Please send your fulldome content in dome original format until March 28<sup>th</sup> at the very latest (date of arrival) to the address below.
